ADULT SUPERVISION

Two registered adult leaders 21 years of age or over are required at all Scouting activities, including meetings. There must be a registered female adult leader over 21 in every unit serving females. A registered female adult leader over 21 must be present for any activity involving female youth. The BSA rules and regulations define a leader as somebody that is registered. Notwithstanding the minimum leader requirements, age- and program-appropriate supervision must always be provided.

All adults accompanying a Scouting unit who are present at the activity for 72 total hours or more must be registered as leaders. The 72 hours need not be consecutive.

One-on-one contact between adult leaders and youth members is prohibited both inside and outside of Scouting.

ACCOMMODATIONS

Tenting

- Separate tenting arrangements must be provided for male and female adults as well as for male and female youth.
- Youth sharing tents must be no more than two years apart in age.
- In Cub Scouting, parents and guardians may share a tent with their family.
- In all other programs, youth and adults tent separately.
- Spouses may share tents.

ACCOMMODATIONS

Lodging/Cabin

Whenever possible, separate cabins or lodging should be provided for male and female adults as well as for male and female youth. Where separate accommodations cannot be provided due to group size or limited availability, modifications may be made. Where completely separate accommodations are not available, additional supervision is required.

- If adults and youth of the same gender occupy single-room accommodations, there must be a minimum of two adults and four youth, with all adults being Youth Protection trained.
- Physical separation by other means, including temporary barriers or space, should be used only when no other arrangements are possible.
- These modifications are limited to single-gender accommodations.

RESTROOMS

Separate shower and latrine facilities should be provided for male and female adults as well as for male and female youth. If separate facilities are not available, separate times should be scheduled and posted.

Privacy of youth is respected.

- Adults and youth must respect each other's privacy, especially in situations such as changing clothes and taking showers at camp.
- Adult leaders should closely monitor these areas but only enter as needed for youth protection or health and safety reasons.
