More info and registration at NewEnglandBaseCamp.org

Black Friday- Summer Camp Registrations Will Open:

It's that time of year again! One of the highlights of the Scouting year is Summer Camp! We have a lot of summer program opportunities for Cub Scouts and Families! Our New England Base Camp in Milton hosts 7 weeks of camp, and each week we also run a Satellite Camp at a different location in the council region. This year, we will also be launching a Webelos crossover camp and Family Resident Weekends!

All will be open for Registrations on November 23rd, Black Friday. Mark your calendars now!
And bookmark ScoutSpirit.org/Day-camps

School Vacation Camps:

Winter Camp during February Vacation and STEM Camp during April Vacation are OPEN for registrations now! Two great week-long day camps at Base Camp in Milton for kids to do while not in school that keeps them active. Sign up your scout for Cub-age activities including rank-specific adventures.

If you sign up for both Winter Camp and STEM Camp before the end of Winter Camp, you'll get a free Base Camp hoodie!

Discount of 20% with the Adventure Card. More info and registration at NewEnglandBaseCamp.org/Camps

Museum of Science Overnights:

The Museum of Science is a great Program Partner of the Spirit of Adventure Council. Several weekends in the winter and spring are set aside for Scouts to explore and spend a night in the Museum in Boston.

Overnight at the Museum of Science, campers have an opportunity to sleep on the floors of the Museum Exhibit Halls and participate in activities after the Museum closes.

A typical Overnight stay includes a variety of hands-on science activities, demonstrations, a Planetarium show, and Omni film, and time to explore the Museum with chaperones. Arrival and Registration is between 5 and 6:30pm. Overnight officially ends at 11am the next day.

A special date is set in the fall for Nov. 17th! More information and registration at ScoutSpirit.org/Signature-Activities
