Sled plan: https://www.inquiry.net/images/hunt_klondike.gif

Charter renewal for 2023

Follow up on Journey to Excellence

- Start planning for 2023 goals

Problems you had with the system?

Sons of Liberty Roundtable December 2022

First Aid

- Requirements in Scouts BSA for Tenderfoot to First Class
- First Aid Merit Badge
- Cubs have the Webelos First Responder

Assess the Situation

- Environment safe?
- Victim's condition—ABCD
- Treatment Plan

A "Worst Aid Demonstration" usually goes over big.

Sons of Liberty Roundtable December 2022

On a Boy Scout hike in very hot weather, you come across a man who looks very pale and weak and is breathing rapidly. His skin is extremely warm to the touch, he seems confused and irritable, and his speech is not clear. You notice his water bottle is empty.

<https://scoutlife.org/outdoors/outdoorarticles/139031/test-your-skills-in-ten-emergency-scenarios/>

On a walk through your neighborhood with friends, you find a man lying on the ground under a ladder. He is in obvious pain and his arm is clearly broken, with a piece of bone protruding from the skin.

First aid scenario

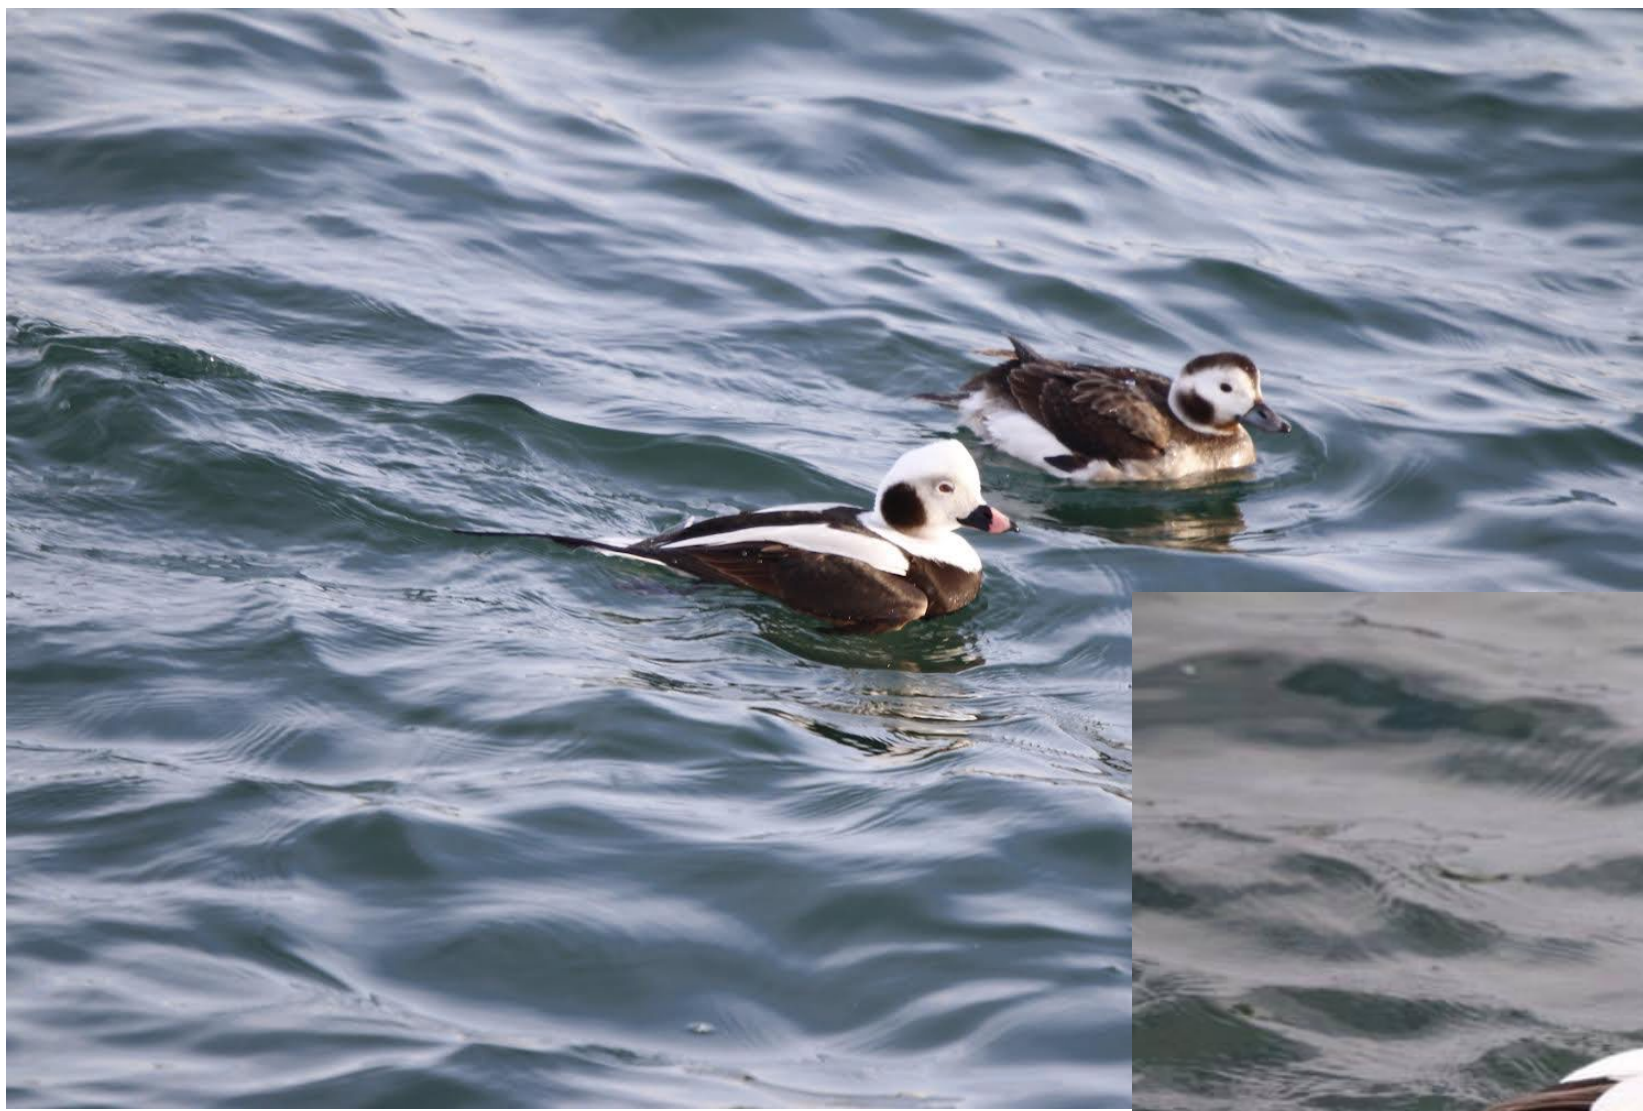

Jimmy is playing tag with his patrol during a camping trip. As he runs, a slight depression causes him to fall. He complains of pain in his right ankle. What should be done?

Casimir and a buddy go to fetch water before dinner. Shortly thereafter, Casimir returns with blood on his face and a cut on his brow. What should be done?

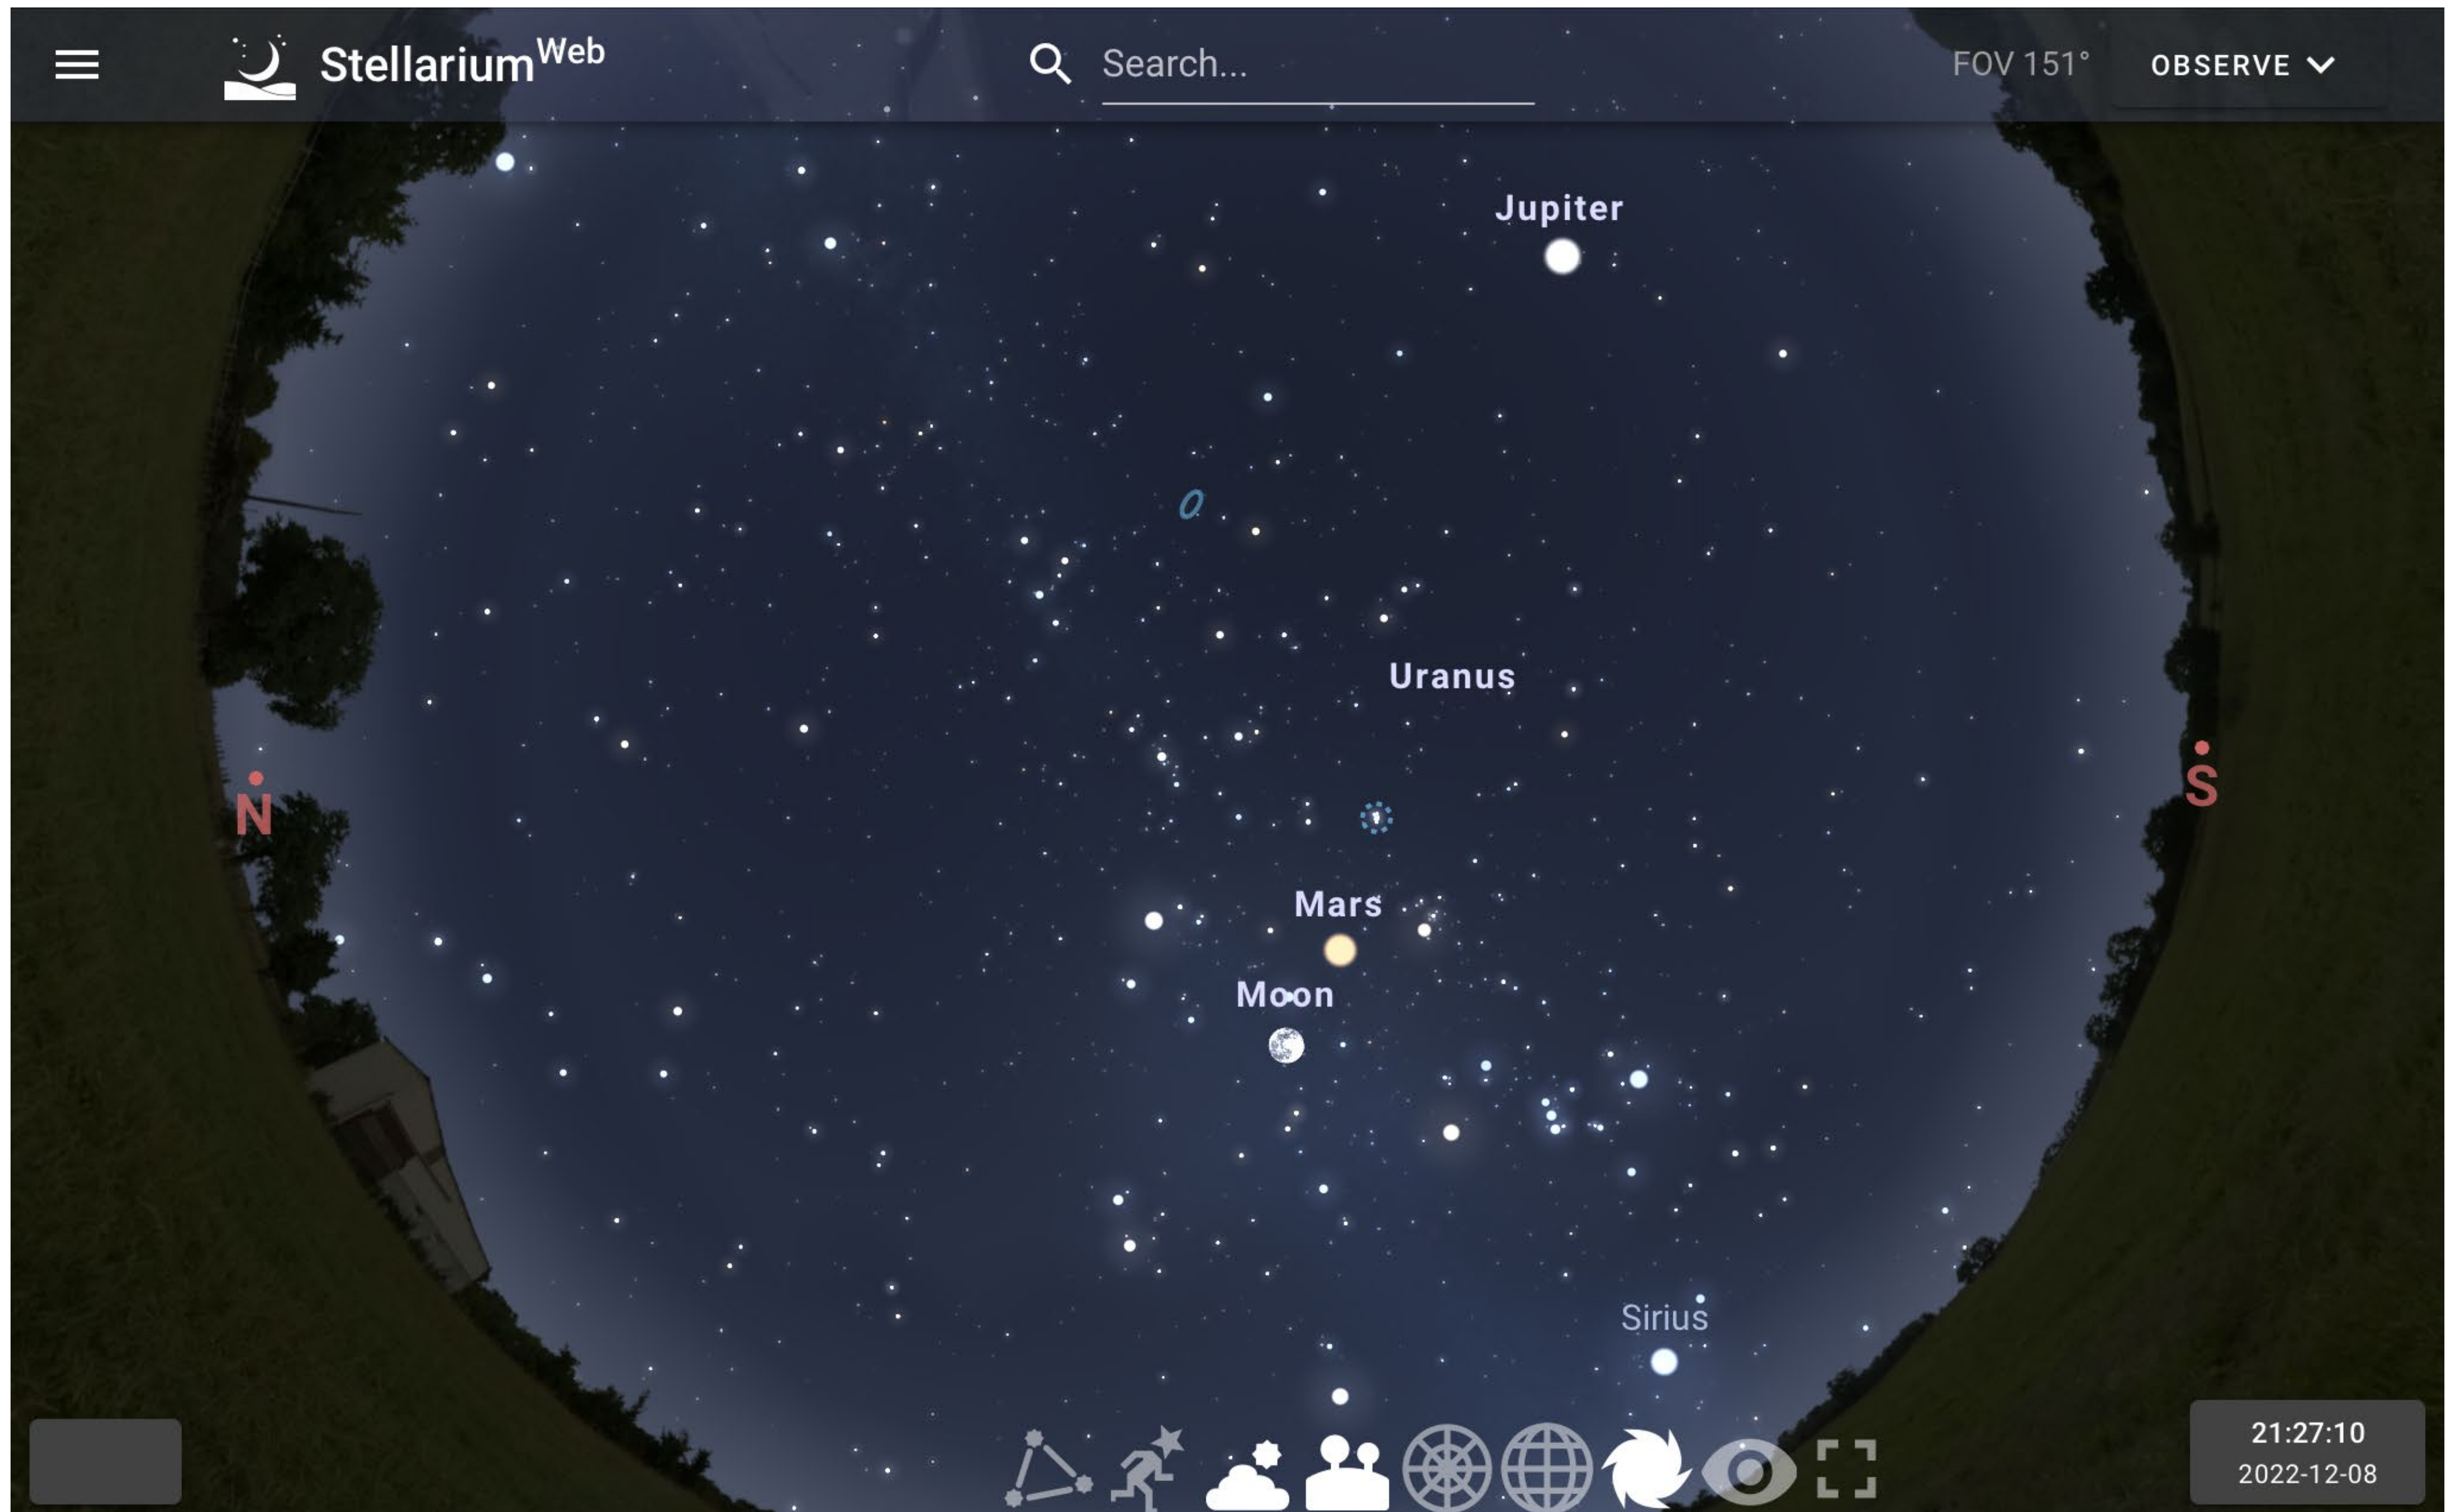

Miles complains his feet are cold at the Klondike derby. His boots look dry, but his feet are unnaturally white. What should be done?

A Scoutmaster starts a hike on a rainy day in December, the temperature drops, snow starts accumulating. He starts to shiver. What should be done?

Winter provides an opportunity to see a variety of diving ducks near the shore
